On the Free Application for Federal Student Aid (FAFSA), you indicated that you are separated or divorced from your spouse. In order to appropriately award you financial aid, we must collect additional information regarding your situation.

Please complete the section below, then return this form along with the following documentation:

1. A copy of any pre-divorce documents from your attorney or the court
2. A copy of the official separation agreement
3. A copy of your 2016 tax return transcript and W-2's. If you filed a joint return, please submit all W2s and 1099s for both you and your spouse. To avoid conflicting information, your future tax returns should be filed "single" if divorced or as "married, filing separately" if divorce has not been finalized. As soon as you have obtained the above information, please return it to the financial aid office so that we can complete your request for financial assistance. No further processing may continue without documentation of your separation status.
